### Description

Number Tasters helps you to cope with the numbers that you face every day – in the shops, in your home, at work and even down the pub!

The course looks at the numbers hidden in five different everyday tasks – cooking, shopping, DIY, planning a holiday and banking. You will be shown how simple rules can help you make sense of the numbers involved.

By the time you have finished the course you will be much more confident about using numbers in your day-to-day life.

### What will I learn?

When you have finished the course, you will be able to:

- Appreciate how maths impacts on everyday life
- Appreciate the use of numbers in cooking
- Appreciate the use of numbers in shopping
- Appreciate the use of numbers in DIY
- Appreciate the use of numbers on holiday
- Appreciate the use of numbers in banking
- Be able to use number skills to complete questions
- Use computing skills to help learn maths

### What skills do I need to go on the course?

The staff at your local **learndirect** centre will assess your skills. Once they have assessed your skills, they will help you to decide if this is the right course for you.
