Description

Do you think you need to improve your reading or writing – but don't know how to go about it?

Word Skills Check is the first step to improving the way you read and write, speak and listen. First, you will be asked to answer lots of different word questions. Don't worry – they are set in a fun way so it won't seem too much like hard work!

The answers you give are checked against national standards. By the time you finish the course, you will know exactly which areas could do with some extra practice.

Don't let your word skills hold you back – take the first step to improving your English with Word Skills Check.

What will I learn?

When you have finished the course, you will find it easier to:

- Identify your strengths and areas in reading, writing and listening skills
- Print out a learning map that shows you how to improve your word skills

What skills do I need to go on the course?

The staff at your local **learndirect** centre will assess your skills. Once they have assessed your skills, they will help you to decide if this is the right course for you.
